Innovation, ESG, and Future Strategy

● Introduction

● Industry Background

● Corporates Analysis

● Future Outlook

● Conclusion

3 Differences by Company

SHI focuses on smart shipbuilding, HHI on eco-friendly tech, and Hanwha Ocean on high automation and renewable energy.

Company	 삼성중공업	 현대중공업	 Hanwha Ocean
Main Business Areas	Commercial shipbuilding, offshore plants, engineering & infrastructure, electrical systems	Shipbuilding, offshore, engine & machinery sectors	Commercial shipbuilding, offshore plants, specialty ships, MRO services
Key Products	LNG carriers, drillships, specialized vessels, FPSO	Ammonia dual-fuel engines, LNG carriers, autonomous navigation systems	WTIV (Wind Turbine Installation Vessels), submarines, surface vessels, LNG carriers, FPSO
ESG Initiatives	Carbon neutrality by 2050, comprehensive Scope 1, 2, and 3 emissions management	'BEYOND BLUE FORWARD TO GREEN' initiative focused on carbon reduction and eco-friendly technologies	Net Zero shipping target, onboard carbon capture systems, development of ammonia-fueled vessels
Carbon Neutrality Goal	Achieve carbon neutrality by 2050	Intermediate goals of 28% reduction by 2030 and 60% by 2040 before achieving carbon neutrality by 2050	Achieve Net Zero emissions in international shipping by 2050
Renewable Energy Goal	100% renewable energy by 2050	100% renewable energy by 2050 (starting with overseas operations)	100% renewable energy by 2050
Digital Transformation Strategy	Launched 'Smart SHI' initiative in 2019, integrating digital technology across processes	Initiated 'Future of Shipyard' project in 2021, aiming for a smart factory by 2030	Large-scale investment in smart shipyard development, focusing on safety and automation
Key Digital Technologies	3D digital production drawings, IoT, smart manufacturing	Digital Twin Yard, autonomous navigation, Digital Twin Ship	Onboard carbon capture systems, air lubrication system, smart safety systems
Automation Level	High: Extensive use of robotics, IoT, and automation	Medium-High: Aiming to minimize human intervention through smart factory initiatives	Very High: Heavy use of AI and robotics, over 80 robots in multiple sectors

연구 목적 및 문제 접근 방법

- 인식-행동 간극(Attitude-Behavior Gap): 1.70점 줄이기! -

문제점

- 인식-행동 간극(Attitude-Behavior Gap): 1.70점 -

플라스틱 환경 문제의 심각성에 대한 인식 평균 3.86점(5점 척도)

플라스틱 환경 문제가 얼마나 심각하다고 생각했습니까?

실제 환경 관련 활동 실천 빈도는 평균 2.15점

플라스틱 환경 문제를 해결하기 위해 얼마나 노력하십니까? (예: 텀블러 사용, 장바구니 사용, 분리수거 등)

iOS 및 Android 정식 출시(25년 12월)

정량적 성과

- 총 절감량 7kg(소수점 이하 내림)-

January 2026

SUN	MON	TUE	WED	THU	FRI	SAT
				1	2	3
4	5	6	7	8	9	10
11	12	13	14	15	16	17
18	19	20	21	22	23	24
25	26	27	28	29	30	31

29명

자발적 참여

20~30대: 약 70%
40~50대: 약 30%

개인 수준

1인당 20일 절감량

$$\text{총 절감량 } 7\text{kg} \div 29\text{명} = 0.241\text{kg/인}$$

연간 절감량 추정

$$0.241\text{kg} \times (365\text{일} \div 20\text{일}) \\ = 0.241\text{kg} \times 18.25 = 4.41\text{kg/인/년}$$

페트병 환산

$$4.41\text{kg} \div 0.015\text{kg} \\ (500\text{ml 페트병 } 1\text{개}) = 293\text{개/인/년}$$

확장 시나리오

29명 규모

$$4.41\text{kg} \times 29\text{명} = 127.89\text{kg} \approx 0.13\text{톤}$$

페트병 294개

100명 규모

$$4.41\text{kg} \times 100\text{명} = 441\text{kg} \approx 0.44\text{톤}$$

페트병 8,517개

1,000명 규모

$$4.41\text{kg} \times 1,000\text{명} = 4,410\text{kg} \approx 4.41\text{톤}$$

페트병 294,000개

팝업 방문 시 동반 인원

팝업 방문 후 이동 동선

로컬 가게 제보 의향

추가 인터뷰 - 연희동 웰마홈 팝업 사장님

Q) 어떻게 연희동에서 팝업을 열게 되셨나요?

A) 원래 연희동에서 가게를 2년 정도 했습니다. 이전에 가게를 하기도 했고 다시 뵈고 싶은 손님들도 있어서 연희동에서 팝업을 하게 됐어요.

Q) 팝업에 오시는 분들이 팝업을 찾아보고 오나요, 워크인으로 들어오시나요?

A) 체크할 순 없지만 섞여있는 것 같아요. 연희동 매장 시절에 방문해주셨던 분들도 찾아주시고, 길가다 “어 뭐지?” 하면서 들어오시는 분들도 계신 것 같아요.

02 해결방안_기획

우리 조의 첫 번째 실험

1. 구글폼 설문조사를 통한 21명의 데이터 확보
2. 노선 기반 지역 상권 가이드 제작
3. 20건의 QR 홍보물 부착과 스레드 홍보를 통한 이용자 확보
4. 7곳의 팝업스토어 컨택 진행

수요와 장벽

수요 : 설문 응답자의 2/3이 최근 팝업을 방문했고,
그 중 70% 이상은 2회 이상 방문한 팝업 단골

장벽 : 현장의 호응과는 별개로, 여러 어려움이 존재

- (1) 본사의 승인 필요(계약 혹은 규정 문제 존재)
- (2) 사전 제휴 절차의 부재
- (3) 이용자 확보와 호응 유도의 난도 높음

차기 로드맵

이제 앞에서의 실험과 피드백을 반영하여 다음 단계로 확장

- (1) 팝업 주최 측과 사전 컨택 및 제휴를 통해
→ 정식으로 지역 상권 가이드 연동
- (2) UI 개선하여 방문 빈도별 추천 코스 강화
- (3) 로컬 가게와의 할인/스탬프 적립 인센티브 도입

**“지역 상권과의 지속 가능한
연계 시스템 설계”**

02 Financial Analysis

03 Reputation Concerns Highlighted by Opponents.
